DETAILED ACTION

Allowable Subject Matter

1. Claims 1, 4-10 and 13-18 are allowed.

The following is an examiner's statement of reasons for allowance:

- The primary reason for the allowance of claims 1, 4-10 and 13-18 is the inclusion of the limitation of a method and an apparatus of filling a buffer portion in a print head with at least one bubble comprising during the bubble filling step, at least one bubble is allowed to grow up to a location immediate adjacent to the at least one channel adjoining the buffer portion by driving the bubble generating means. It is limitation found in each claims, as it is claimed in the combination, that has not been found, taught, or suggested by the prior art of record which makes these claims allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
